

Join our sustainability commitment at home.

Energy and Resource Reduction

- ✓ Install low-flow shower and faucet heads
- ✓ Bike, walk and use public transportation whenever possible
- ✓ Perform regular maintenance of your automobile
- ✓ Perform regular service (or upgrade) furnace and A/C units
- ✓ Replace burnt out incandescent or fluorescent light bulbs with efficient LED lightbulbs
- ✓ Fix leaky faucets, broken pipes
- ✓ Water outdoor plants during the coolest part of the day to avoid evaporation
- ✓ Use low heat settings on your clothes dryer

Waste Reduction

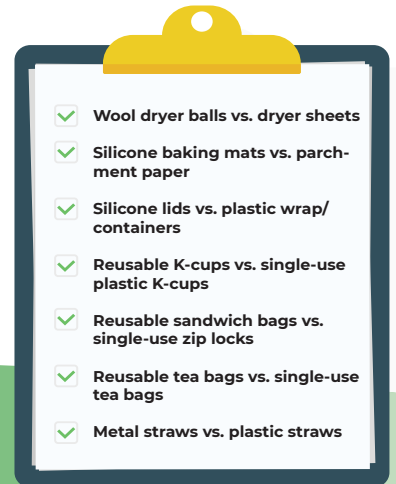

- ✓ Compost biodegradable organics whenever possible
- ✓ Maintain or donate possessions instead of discarding them
- ✓ Buy in bulk and bring your own reusable containers to eliminate packaging
- ✓ Sign up to receive electronic statements versus paper mailed statements
- ✓ Bring a travel mug/water bottle on trips
- ✓ Utilize only reusable containers or recyclable items

Alternatives and Other Practices

- ✓ Use non-toxic cleaners such as vinegar and baking soda
- ✓ Avoid fast (and cheap) fashion; buy sustainably made clothing
- ✓ Clean all fruits and vegetables prior to eating
- ✓ Avoid dry cleaning

Alternatives to single-use products:

Sustainability Best Practices

Every day at Fine Tune, we strive to make conscious choices that will help to lower our carbon footprint. When everyone participates in just a few of these choices, we can better ourselves and our environment.
