

Join our sustainability commitment at home.

Energy and Resource Reduction

- ✓ Install low-flow shower and faucet heads
- ✓ Bike, walk and use public transportation whenever possible
- ✓ Perform regular maintenance of your automobile
- ✓ Perform regular service (or upgrade) furnace and A/C units
- ✓ Replace burnt out incandescent or fluorescent light bulbs with efficient LED lightbulbs
- ✓ Fix leaky faucets, broken pipes
- ✓ Water outdoor plants during the coolest part of the day to avoid evaporation
- ✓ Use low heat settings on your clothes dryer

Waste Reduction

- ✓ Compost biodegradable organics whenever possible
- ✓ Maintain or donate possessions instead of discarding them
- ✓ Buy in bulk and bring your own reusable containers to eliminate packaging
- ✓ Sign up to receive electronic statements versus paper mailed statements
- ✓ Bring a travel mug/water bottle on trips
- ✓ Utilize only reusable containers or recyclable items

Alternatives and Other Practices

- ✓ Use non-toxic cleaners such as vinegar and baking soda
- ✓ Avoid fast (and cheap) fashion; buy sustainably made clothing
- ✓ Clean all fruits and vegetables prior to eating
- ✓ Avoid dry cleaning

Alternatives to single-use products:

- ✓ Wool dryer balls vs. dryer sheets
- ✓ Silicone baking mats vs. parchment paper
- ✓ Silicone lids vs. plastic wrap/containers
- ✓ Reusable K-cups vs. single-use plastic K-cups
- ✓ Reusable sandwich bags vs. single-use zip locks
- ✓ Reusable tea bags vs. single-use tea bags
- ✓ Metal straws vs. plastic straws

Sustainability Best Practices

Every day at Fine Tune, we strive to make conscious choices that will help to lower our carbon footprint. When everyone participates in just a few of these choices, we can better ourselves and our environment.
